The collection for Easter Sunday totaled: \$42, 227.**

Thank You for your Support!!

Dear Friends,

I wish to thank you for your generosity to your parish this Easter. I also wish to thank you for your kindness to the many second collections and the various appeals we have during the year. They are always met with support from St. Joseph parishioners.

It is very heartwarming to see not only your generosity and goodness to those less fortunate, but also the kind spirit of giving with which you share your treasure.

God Bless your generosity!

Msgr. Vogan

HOW HAS JESUS MADE A DIFFERENCE IN YOUR LIFE?

Learn how to share your story
 Tuesday, April 10th
 7:00-8:45PM

Many Catholics struggle with how to share Jesus with others. One of the easiest, most powerful ways to do this is to share a personal story of how Jesus has made a difference in your life.

Join us for this free event, as facilitator, John Kinuthia, helps you identify and reflect upon pivotal times in your life and how to comfortably and easily share your story with others.

Refreshments served.

The First Reading from the Acts of the Apostles speaks of the early Church, its sense of community, and its understanding of stewardship. When it is written that "they had everything in common," that is really recognition on their part that God owns everything. Everything belongs to God and through Him to His people. God had touched their lives very deeply, which made it easier for them to share all things.

That is part of our stewardship challenge as well — to realize that all that we have and all that we are come from and belong to God. That is what allows us to be good stewards — the trust that results from that belief.

Third Grade with Mrs. Henry

We have learned how to multiply and divide and are currently working of fractions in Math. We have read many genres of stories in Reading and have become quite good at picking out details to support the main idea. In Science we have been working in our lab doing experiments to learn about the Solar System. For example, what creates day and night, years, seasons, and different phases of the moon. We will soon be starting a new topic in Social Studies where we explore inventors/inventions. To culminate the lesson we will each dress up as an inventor and present research on the trials and tribulations they had to go through to make their invention. This is always an exciting time in our classroom.
